

TECH-SAVVY KIDS NEED CYBER SMART FAMILIES

What Attendees Are Saying

"All foster parents should be offered these internet safety training sessions before ever having a child in their home."

*Dawnmarie Warburton, Foster Parent,
Hamilton, Ontario*

"My children are young but are on the computer and I want to start putting into place some "cyber smart" rules now wo when they get older they realize just how important it is to be respectful, smart, and protected offline as well as

*Leah Fletcher, Parent,
Kitchener, Ontario*

"My favourite part of this presentation was learning about child identity theft and how easy it is for caring adults to unknowingly put our kids at risk. I'll be more careful from now on."

*Essie Ho, Early Childhood Educator,
Toronto, Ontario*

"Learning about SMART toys and how to set them up safely was awesome. I also loved the system for creating strong and easy to remember passwords."

*Rebecca Hughes, Foster Parent,
Brantford, Ontario*

"Seeing the things that caring adults can do online to put a child at risk was a real wake-up call. Thank you for helping me protect my baby."

*Natasha Durling, Parent,
Lawrencetown, NS*
